

# Get the most out of aimswebPlus!

## *Training built around* **your implementation helps** *ensure fidelity*

Are you new to aimswebPlus or transitioning from AIMSweb 1.0? Perhaps you've used aimswebPlus for a while but have new teachers on your team, or you may be ready for a deeper dive into your aimswebPlus data. No matter what your individual scenario might be, adding training ensures you're implementing the program with fidelity and maximizing the vast data and reporting capabilities that aimswebPlus offers.

We have several training packages developed to suit a number of usage situations... including yours!  
*Any package can be customized to meet the unique needs of your school.*
